Dear Parent / Carer,

I am writing to invite you to attend our Parents' Evening on **Thursday, 10th December 2020**. Due to current COVID-19 requirements, we are unable to host an in-person parents' evening this year. So that you can still have these vital conversations with your son/ daughter's subject teachers however, we have moved our event online.

The event will still run at the published times, from 4.30pm to 7.00pm on Thursday, 10th December 2020 but will now take place through video conferences. Each appointment will last for exactly 7 minutes with calls ending automatically after that window. To access these video conference calls, you do not need to download any additional apps, but just visit [this website](#) on a mobile device or computer with sound and video facilities. In advance of the event, please visit the site to book appointments at a time that best suits you during the evening. The booking system will go live at 4pm on Tuesday 1st December 2020.

When logging in to the booking system, you will be asked to input your son/ daughter's first name, last name and date of birth as well as your own first name, last name and email address. Some of these fields act as authentication so if they do not match our records exactly, you will not gain access to the system. To help with this, we have sent an email to your son/ daughter's Northolt High email address confirming the details that we have on file. Please note that whatever email address you put in here will be updated to our system and will be the email address that future communication is addressed to.

Attached to this letter is a step by step guide to making appointments and taking part in the video conferences. During our recent test and live event, parents spoke very highly of the ease of using the system and the structure of the event itself but please do get in touch if you have any difficulty accessing the system.

During the evening itself, our staff will be pleased to discuss your son/ daughter's academic progress, their attitude to learning and any strategies that you could use at home to support with their studies. Once you have booked appointments, students will receive their most up to date reports including their current and predicted grades in each of their GCSE subjects. Please ensure that you have discussed these at home prior to the evening. It would be useful if both you and your son/ daughter could be together for the video conferences but we appreciate that this is not always possible.

Included with the log in details which have been sent to your son/ daughter are the names and the email addresses of their subject teachers. If you have any other specific areas which you would like to discuss, please email your son/ daughter's teacher in advance so that they can be as prepared as possible to address these during your call. In order to ensure that your call does not get cut off during an important learning focused part of the conversation, we have asked our staff to remain focused on the talking points listed above so please do not be offended if they keep the usual pleasantries to a minimum. Any more general discussions can take place at the end of the call window should there be time.

As a final reminder, **the booking system** will only go live at **4pm** on **Tuesday 1st December 2020**. Once the system is live, if you have any problems booking your appointments, please contact our school reception who will be able to support you.

We hope that you find our new system easy to navigate and that you have a valuable and informative experience during our parents' evening.

If you have any queries, please do not hesitate to contact me.

Yours faithfully,

G De Sousa
